July 30, 2010

Dear Patent and Trademark Officer,

The purpose for this letter is to respectfully request the reinstatement of Patent No. 5,490,924 (Filtration System).

Allow me to explain why the maintenance fee was not paid. Previous communications regarding maintenance fees was handled by a patent lawyer who would notify me every time that a maintenance fee was due. However, this lawyer must no longer be working for the same law firm, since I received no notification from him regarding the maintenance fee that was due on August 13, 2008. For the above reason, I would like to respectfully ask that the patent be reinstated and that I be charged the unavoidable surcharge after expiration (\$700).

I am hoping full that we can launch to market a product that will contribute to stimulating the economy.

X Apparently, the address that you have on record for Control System Innovation, Inc. is no longer valid. Please, direct all future communications regarding this patent to the address below.

Please find a check for \$2755 (11 1/2 year, small entity, maintenance fee + unavoidable surcharge after expiration).

If you would like to further discuss this situation, may I suggest that you call me on my cell: 480-277-1531.

Thank you in advance for your consideration.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Narciso F. Macia".

Narciso F. Macia, President
